Welcome TO A SPECIAL PLACE

COBBOLD GORGE

Cobbold Gorge is a breathtaking natural wonder tucked away within the rugged sandstone formations of North Queensland.

This gorge is vastly different from others due to its extreme narrowness, closing to a mere two metres wide in places with spectacular 30 foot cliffs on either side. Cobbold Gorge is fed by several springs keeping the water level constant, allowing boat access even in the "dry".

Delicate ferns and grasses thrive along the waterline within the gorge. Native fish flourish in these waters and there is also a healthy population of Johnstone River freshwater crocodiles.

A large variety of birds frequent the lower waterhole along with an occasional glimpse of agile wallabies.

ROBIN HOOD CATTLE STATION & THE TERRY FAMILY

Robin Hood Station is a 1,284 square km cattle-grazing property run by third generation graziers Simon and Gaye Terry. The Terry family have been grazing Brahman cattle on the station since 1964.

Simon and Gaye Terry, along with their children Harry, Emma and Annie, have been sharing their home and unique experiences with visitors for over 20 years.

In the establishment of Cobbold Gorge Tours the main criterion was, and is to this day, that the operation is conducted with minimum impact on the environment. In 2009, our commitment to environmental sustainability saw the creation of a 4,720 hectare Cobbold Gorge Nature Refuge and wildlife corridor. Our pledge to protect this unique North Queensland environment, combining Savannah Guides training, allows us to offer the very best experiences therefore access to Cobbold Gorge is by guided tour only.

We welcome you to be immersed in the breathtaking beauty and serenity of the Gulf Savannah Country.

FORSAYTH BY NIGHT Dinner & Tour

Mystery and intrigue are the order of the night in the NEW Forsayth By Night Lantern Tour.

After a 2 course meal at the Goldfields Hotel, the tour provides an overview of the town's history from settlement to present day and you can expect a few surprises along the way. Incorporating storytelling and technology we bring to life the history of how Forsayth was built during the gold rush and how the rail line development impacted on the town. The tour includes a number of historical recounts as well as a local ghost story, which leaves visitors wondering where fiction and fact separate.
